The 7 BEST Tips When Matching Sneakers To Your Outfit (IN 2020!)

[Share](#)[Tweet](#)

Hey everyone, what is going on! It's Nigel here with Honest Soles and this week I'm back with another sneaker guide just for you! Today, we will be covering the 7 best tips when matching sneakers to your outfit.

It goes without saying that your dressing is never complete without the appropriate shoes. Fashion is now so broad that you do not just pick an outfit and pick a footwear whose color matches the color of the outfit, as was previously done when fashion wasn't what it is today.

There are also countless choices to footwear now and isn't just slippers, sandals, and shoes. Now, we have boots, sneakers, trainers and the likes.

With such big changes in fashion over the years, I know how hard it is to come up with the perfect match for your sneakers and outfit, which is what today's guide is to help you with!

But as much as I love sneakers, I do not dare claim I'm a fashion guru myself.

So for this week's guide, I got my friend Jay to share with you guys some of the best tips when it comes to matching sneakers to your outfit.

Now, as far as I know him, Jay has been the go-to fashion guy among my friends. And just judging from the way he dresses, I'm confident you'll benefit greatly from his sneaker and outfit styling tips today.

Don't worry, you are in good hands!

So without further ado, here's Jay with his TOP 7 BEST TIPS when matching sneakers to your outfit.

Hi guys it's Jay here and I'm happy to be helping Nigel with this week's sneaker guide.

Being a fashion guru myself, I just hate it when I see people dressing all wrong.

So today, I'm going to put a stop to all that in this article by imbibing in everyone – sneakerheads or not – how to style outfits with sneakers, how to choose the best outfits with sneakers, and finally, what to wear with sneakers and what not to wear.

Here we go...

Let The Occasion Set The Tone For You

Sporting Events Demands Something Sporty

Simplicity Is King

Match Your Sneakers With The Right Pair Of Trousers

Know When To Match Socks With Sneakers

Don't Overshadow Your Sneakers

Traditional / Cultural Outfits With Sneakers Match

Final Words When Matching Sneakers To Your Outfit

Let The Occasion Set The Tone For You

Well, if this is not important, then I do not know what is.

You are dressing up, not just to sit at home and take pictures.

When you wear sneakers, you are obviously dressing to go for an occasion. Therefore, your occasion should set the tone for you on how to style your outfit with the pair of sneakers.

For instance, if you are going to a mini birthday party and you decide to wear an extravagant pair of sneakers, you'll get to the party and discover you are the clown they have been waiting years for.

Simply put, simple occasions require something simple. We'll touch more on this later on...

On the other hand, if it's a wedding party and you put on a luxurious pair of sneakers, you'd blend in just fine and might just make the groom look bad.

My favorite luxury sneakers are still the ones by Common Project. They just look so amazing and are relatively affordable compared to other luxury sneakers too!

Sporting Events Demands Something Sporty

Since we're at the topic of choosing the right sneaker for the right occasion, I just have to focus more on sporting events considering I'm a big fan myself.

When I go for sports events, I scan people a lot, and most of the time, I just end up getting disappointed.

Imagine seeing a pair of retro or luxury sneakers at a sports event, on the feet of someone partaking in the sporting activities. There is nothing more absurd!

Sports attract a lot of people, so when going for a sporting event, the best sneakers to wear are hands down lifestyle runners.

Trust me; you cannot go wrong with them. It works every single time and they make for the best outfit and sneakers match.

Check out some of [Honest Soles recommended Lifestyle Runners!](#)

Simplicity Is King

Fundamentally, sneakers are designed not just to appear cute and exquisite, but also to be compliant, that is, to obey the tone of the wearer. Which means that anyhow you wear them, they will always come out cool, clean, and sweet.

However, whether they appear a good sneaker match with your outfit depends solely on you.

For a simple event or gathering, the last thing you want to do is combine a load of outfits with your sneakers.

Unfortunately, the mistake people make is combining a lot of outfits on a pair of sneakers, which not only creates an outfit-sneakers mismatch, but also sets the tone for a shouty appearance.

Hence, JUST THINK SIMPLE!

For the ladies, a short gown with a pair of sneakers makes for the best dress with sneakers. For the guys, you can just wear a simple basic or polo T-shirt, a nice pair of trousers with a pair of sneakers, and you're good to go.

Simple as that, and you still look amazing.

Of course, there are other more complicated styles to go for that works too. But keeping it simple is the easiest way when it comes to matching sneakers to your outfit.

Match Your Sneakers With The Right Pair Of Trousers

Now that we mention trousers in the previous point, this is another important tip when matching sneakers with your outfit.

Regardless of where you're headed or what time of the year it is, there is always the right type of sneakers to rock with a particular type of trousers.

Unfortunately, people still find it easy wearing the right pair of sneakers with the wrong pair of trousers or wearing the right pair of trousers with the wrong pair of sneakers.

Either way, the main thing here to look out for is the **cuff width**.

Do not wear a trouser whose base is way wider than your sneakers, thereby concealing your sneakers and looking like a clown. Also, do not wear a trouser whose base is too tiny for your sneakers type.

Basically, make sure your trouser has the perfect base for your sneakers.

Straight leg trousers work amazingly with chunky sneakers.
Here's an example for you!

As for sneakers that hug your feet, you should wear a slim-fit trouser or use pinroll like the example here!

This would go a very long way in telling people how fashionable you are and also giving you the best outfit and sneakers match.

Know When To Match Socks With Sneakers

Should you wear socks with your sneakers?

Unfortunately, many of us are on this table when it comes to deciding whether or not to match socks with sneakers.

Even though I still cannot pin my head around the source of the belief that one must always wear socks with sneakers, it has come to be a general consensus amongst most sneakerheads that a pair of socks is needed to complete your outfit.

But what many fail to grasp is that there are some sneakers yearning for socks to compliment them, while there are several others that simply don't style up well with socks.

Besides, it actually is **not compulsory** to wear socks with your sneakers all the time

But if you decide to wear one, then you need to make sure that your taste and sense for color is at the level required, as the right pair of socks must match your outfit and sneakers.

Or else, it would be a huge disaster.

By and large, it is not always mandatory to wear socks with every sneaker you've got, but if you can wear it correctly, you would add an extra touch of finesse to your dressing, giving you the best outfit with sneakers match.

My favorite socks are from Stance as they not only offer amazing designs but are really comfortable to the feet too! You can check some of the designs [here...](#)

Don't Overshadow Your Sneakers

Just like choosing the perfect socks, you should know the perfect shirt or trousers with your sneakers so you bring out the best in your sneakers, and not overshadow them.

This point applies specifically when you are **wearing sneakers that have extravagant colorways or designs**. These sneakers are made to stand out and catch people's eye, so don't go doing the opposite.

The easiest way to avoid this is to stick to duller colors and simple designs. You'll definitely want to avoid outfits with extensive graphics and bright appealing colors.

It is only after you do this can you begin to bring out the best in your sneakers, and achieve the perfect sneaker outfit match.

Traditional / Cultural Outfits With Sneakers Match

Before we begin on this point, should we even wear such outfits with sneakers? Is it fashionable?

This is a big question that has puzzled the mind of several people for the number of decades that sneakers have been in existence.

Well, in my opinion, after a couple of research and a lot of thinking, I think you actually can if you can rock it perfectly.

This is where the issue comes in.

Not everyone can rock it.

Rocking it depends on the kind of person, their body frame, and oh well, their swag. By swag, I mean the way you carry yourself.

The best tip I can give here is complementing them well. Most traditional or cultural outfits have extravagant designs so I would recommend going with a simple clean sneaker that isn't too flashy.

Opposite to the point on overshadowing your sneakers, here you want to bring out the best in your clothing so keep your sneakers really simple.

To help you further, I would recommend googling for images of people who have rocked native or traditional attires with sneakers. Then copy their style and try it on.

If it works for you, Bingo! But if it does not, then just ignore it and look for other outfits to combine with your sneakers. After all, fashion sometimes can be a combination of imperfect outfits to make the perfect match.

Final Words When Matching Sneakers To Your Outfit

Conclusively, you should know that the way you dress says a whole lot about you and the kind of person you are.

That wise saying, "The way you dress is the way you will be addressed" is nothing short of perfection.

If you dress like a rockstar, you'll be given credit and addressed as such. If you dress like you are coming to steal the spotlight, you'll also be given credit and addressed as such!

But if you decide to dress shabbily or haphazardly, you would be given credit for making a mockery of fashion.

Like I said earlier, sneakers are an integral part dressing. So if you really love sneakers, be sure to know how to wear them appropriately, so you get the credit you deserve, and probably be the next fashion icon among your friends.

I'm Jay, thank's for reading and peace.

And that concludes our sneaker guide for this week!

Greatly appreciate Jay for sharing with us his tips on matching sneakers to your outfit today!

I hope you've benefited from today's sneaker guide in one way or another, and if you do remember to share it around!

As usual, lets share the sneaker passion from one sole to another...

It's Nigel here and I'll see you soon!

And my sneakers match my sweater, I got hella sauce like soy
Like my dad, I'm the man, don't wanna see me mad
What you doin'? Is you lost? Go ahead and call a cab, avy
Yesterday my mother called me, she told me that she be worried
'Bout my food and what I eatin', tell her it's calamari
D'usse when I got no plans, sippin' on it after dinner
You say you hang with the man, I see him when I'm in the mirror

[Chorus: Rich Brian]

Pull a mil' in a day, ain't even have the goddamn bill

On your pill, everyday I just be sippin' Chamomile

Mass appeal, everybody show up 'cause they know I'm here

Every week, I be on the face, she think it's Cetaphil

Up in my business, pull up in my bitch crib

I got people locked and loaded like they trained for ISIS

Askin' for forgiveness, I never said you'll have it

Pullin' all these guns, but do you really want attention?

[Verse 2: Offset]

Diamonds on my wrist got her attention (hey!)

When I pulled up in that drop top, **Fonzworth Bentley** (skrrt)

I heard your main bitch, she got me in her mentions (hey!)

I am a Martian, I am not from this dimension (no!)

All of this water drippin' on my Paddy, like I rinsed it (drip)

Fuck on your daughter, I won't test a biet, she in detention

Drip drop, Gucci socks, bought my bitch Givency (hey!)

Your tick tock, Rolex watch, plain Jane, keepin' it simple (plain)

Young rich nigga, in the trap with rich niggas

Aint goin' for a bitch nigga, choppa flip niggas (skrrt)

A screenshot of a Windows 10 desktop showing a music player window. The title bar says 'Rich Brian - Attention [Lyrics]'. The lyrics are displayed in a large font with annotations: 'Man that chorus got me rockin' (MJS1), 'Imao Offset sounded a bit like 21 Savage at the end of his verse' (DookieDook), 'Offset on the verse like' (CandyCoughReign), and 'GOD I HAVE REPLAYED THIS TEASER SO MANY TIMES, CAN'T WAIT FOR TOMORROW' (brothelos). Below the lyrics is a video player showing a person in a black hoodie. The bottom of the screen shows the taskbar with the Start button, a search bar, and pinned icons for File Explorer, File History, Task View, and File Explorer.
